Subject.

Survey - Frontier boundaries - British territory and Indian States

Clearance and construction of cairns - Estimates -

Reference-No. F-4787/38.1,

Station Madras, *Dated the* 27th September 1938.

From D.I.R.Muir, Esquire, I.C.S.,

Joint Secretary,

Board of Revenue.

T.Austin, Esquire, I.C.S., Commissioner of Land Revenue and Settlement.

Read the following paper:-

Letter from J.W.Pritchard, Esquire, I.C.S., Collector of Bellary, Ref.C.No.5259/37-H.1, dated the 28th August 1938.

***

Refce.- Board's G.No.3408/38 dated the 9th August 1938.

***

I submit herewith the estimates mentioned below for clearance of the line and construction of cairns on the frontier boundaries between the British territory and the Native States.

(i) Clearance of the frontier boundary lines between the British territory and Mysore State in the limit of Appayyanhalli village, Kudligi Taluk, Bellary District.	Amount Rs.217/-

(ii) [illegible]

(ii) Clearance of the frontier boundary line between the British territory and Sandur State in the limit of Tummmaragudda and Tonasgeri, Kudligi Taluk, Bellary District.	Amount Rs.45/-
Total - -	Rs.262/-

The combined sketches of the boundary lines proposed for clearance are enclosed. The survey marks involved in the clearance are not common but the clearance of the boundary lines and construction of cairns on them are in the interests of both the Government of Madras and the native states of Mysore and Sandur which should also pay half the estimated amounts. According to the instructions contained in B.P.No. Misc., 1589 dated the 18th May 1937 the full amount is to be borne by Government of Madras in the first instance and the amounts due from Native States should be recovered later on. An allotment of Rs.250/- has been sanctioned under "57 Misc., and unforeseen charges - D.Miscellaneous" for 1938-1939 to this district in B.P.Routine No.2362 dated the 8th June 1938. An additional sum of Rs.12/- is required for the above works. This will be applied for when the application for additional grant is to be submitted in November next. As there is no agreement with the Mysore and Sandur State for the maintenance of the frontier boundaries I request that the estimates may be sanctioned and returned to me for execution of the repairs.

c.n.n./1-10-1938.

(4) Nothing contained in these rules shall be held to debar Government from disposing of assessed land at the disposal of Government otherwise than under these rules at their discretion as heretofore.

Paragraph 11.—No kumaki land should be sold under this rule.

Paragraph 14.—[a]When kumaki land is assigned on darkhast to a kumakidar the value of the trees (except [c]sandalwood) which stand on the land will be foregone. In respect of sandalwood all marketable sandal shall be extracted by Government before assignment, and compensation shall be paid at one-third of the value to persons having kumaki privileges. The right to Government shall be reserved to all other sandal trees which are left standing at the time of assignment as well as those which may grow subsequently on the land assigned.

When land is relinquished by the [b]registered holder[b] and granted to the walawargdar or mulgenidar, the tree value need be collected only if the trees were the property of the relinquishing [b]registered holder[b] but not otherwise.

Rev draft

O. M. No 1812-C/36-17. 8 11.38.

Survey - Frontier boundaries British territory and the Indian state of Mysore and Sandur - clearance and construction of cairns - estimates.

From the Board of Rev.,

Rev. F. No 4787/36-1 & -27-9-38.

The attention of the Board of Rev. is invited to G.O. No. 1602 dated 7-8-1937 in which the Govt. laid down the procedure that should be followed in regard to such portions of the Mysore - Bellary boundary as pass over hills or through valleys and reserved forests. According to this procedure each Govt. has to clear the boundary line to a width of 20 feet on their own side OR ~~side~~ Govt. land. The Board is requested to state why in the

14

estimate in respect of the Mysore - Bellary boundary sent with its Rep. ~~dt.~~ quoted above, ~~it was suggested~~ provision has been made for the clearance of jungle growth to a width of 40 feet over a distance of 29 furlongs

~~dt.~~ sent to Bd revised estimate at (J)

p1cf

2) In the estimate and in the sketch in respect of the Mysore - Bellary boundary, reference has been made to the new boundary line and the old boundary line. The Board is requested to state when the new boundary line was fixed, whether it was regularly arrived at and accepted by both the parties and if so, why the new boundary line was not cleared at the time that it was surveyed

H 13-14
H 19-20 annexe

Memorandum from Government, Revenue Department, No.1812 C/38-1 dated 8th November 1938.

Letter from W.Scott Brown Esq., C.I.E , I.C.S., Collector, Bellary, Ref.C.No.5259/37 H-1 dated 6th December 1938.

Survey - Frontier Boundary - British Territory and Mysore State - (Bellary) Clearance and construction of cairns - estimates.

Refce:- Your F ~~Be~~ No. 4787/38-2 dated 22nd November 1938.

Provision for clearance of the frontier boundary line to a width of 40 ft. made in the estimate, includes the width of 20 ft. to be cleared by the Mysore Durbar, on their side so that intermediate cairns may be constructed in the middle of the - boundary line to facilitate the indentification of Survey marks.

As this clearance is in the interest of both the Governments of Madras and Mysore, it was reported in my letter C.No.5259/37 H-1 dated 28-8-1938 that half the estimated cost is recoverable from the Mysore State.

2. As regards the new boundary line referred to in paragraph 2 of the Government's reference it was settled in Government Order No.993 dated 5-5-21 after a joint verification by the representatives of the Government of Madras and Mysore. A special staff was appointed in G.O.No.2179 Mis Rev. dated 8-12-1922 communicated with B.P.Mis.No.2486 dated 12-12-1922 to survey and redemarcate the boundary. No information is available in this office about the clearance of the boundary line by the Special Staff at the time of its survey in 1923. The distance of 29 furlongs of boundary clearance has been adopted from the resurveyed sketch.

3. The estimate received with the Board's reference is enclosed herewith.

Rev. Dept

Survey - Frontier boundaries - Brit territory & Mysore & Sandur States - clearance construction of cairns - Estimates.

From the Bd of Rev. Ref no. f 4782-38-1 dt 27 Sept. 1938

[C no. 1812 C/38]

TOWS.

Please see the Board's refce at pp1-cf.

2. The Coll of Bellary has submitted two estimates for the clearance of the frontier boundary line

(i) between the British territory & the Mysore State and

(ii) between the British territory & the Sandur State.

Estimate (i) British territory & Mysore

Cost

The cost of the estimate is Rs 217 The sketch showing the boundary line to be cleared is at p 13 (J). The survey marks involved in the clearance are said to be not common but that the clearance of the boundary lines & construction of cairns on them are said to be in the interests of both the Govt of Madras & the Mysore State. The Mysore State has to pay half the estimated cost

pref

The Secy. to the Resident at Mysore may be addressed whether the Mysore Govt accept the estimate & are prepared to pay half the cost. A draft letter is submitted for approval.

4. Estimate (ii) British territory & Sandur State.

The cost of the estimate is Rs 45 = ~~Rs 47-4 as~~ £ 7 cf.
1
and is Rupees

The combined sketches of the boundary lines proposed for clearance are at pp 1-5 & 7 cf. 9-11 cf. In respect of clearance of boundary lines between the British territory & the Sandur State, ~~it has been usual for the~~ used to the Collr of the Bd to report that the Sandur State ~~is willing to bear~~ had contributed half the cost of the estimate. On this report, the Govt ~~issued Arrangements~~ were passing orders sanctioning the proposals ~~sanctioning the estimates~~, with the condition that half the cost should be ~~reimbursed from~~ met from the contribution made by the Sandur State. In the present report, the Coll has not stated whether the State is willing to bear half the cost of the estimate but has simply stated that half the cost should be borne by the State. Before the estimate is sanctioned, the Bd may be asked to ascertain & report whether the Sandur State is willing to contribute half the cost of the estimate. After the receipt of the Bd's reply & the reply of the Resident to the Resident the

S.

The Mysore-Madras boundary estimate refers to new & old boundaries.

(1) Has the new boundary been regularly arrived at & accepted by both parties

(2) If so why was not the new line cleared at the time that it was arranged

25/10.

sent to BD — pt of

T.O.W.S.

Indexes from 1933 were verified. The new boundary line referred to in the estimate at p4 C.F. & in the sketch at p13 C.F. does not appear to have been laid in or after 1933. The

regard may be asked on the points (1) & (2) of Secy's notes on p 3 ante. A draft memo is submitted for approval. (Hindupur or Bellary Dt was originally surveyed in 1880) p 89 of Boundary Manual Vol I, Pt 43 Vol II (H)

31/X

To under Secy.

Prior to the issue of orders in G.O. No. 1602 Revs 7-8-1937, there was no agreement regarding the maintenance of the boundary line between the Mysore Province and the Bellary Dt in this Presidency. In G.O. No. 1602 Revs 7-8-1937, the Govt extended the Mysore-S. Kanara system of boundary maintenance in respect of Mysore-Bellary and Mysore-Anantapur boundaries - vide para 4 of the letter of this Govt to the Mysore Govt on pp 24-25 of the G.O. The Mysore Govt's reply is in p 29 of the G.O. & the orders in pp 43-44 of the G.O. It was stated that in places where the boundary lines run over hills and through valleys and reserved forests, the Mysore-S. Kanara procedure viz, the clearance of the line on either side, the retention and numbering of the intermediate cairns found to be necessary and the maintenance of a list of such cairns should be adopted, subject to the

(W) ~~to L.F~~ Cir-31 dtd

pp 24-25 of the G.O.

pp 43-44 of the G.O.

para 4 of the letter

condition that the boundary line should be kept cleared to a uniform width of 20 feet on either side of the line instead of 10 feet as in the case of the Mysore-S. Kanara boundary. From the description of the estimate in ₱ 3 C/f - it is seen that the work relates to the clearing of the Reserve line of Appayanakere Forest Reserve running between Mysore a State and British territory Presumably therefore the clearing of the boundary line falls under the agreement in G.O. No 1602 dtd 27.8.1937 the estimate provides for (1) demolition of 23 cairns on the old boundary (2) construction of 30 cairns on the new boundary and (3) the clearance of jungle growth for a width of 40 feet for 29 furlongs As the procedure laid down in G.O. No 1602 dtd 27.8.1937 requires that 20 feet should be cleared on either side of the boundary by the respective Govts, it is not clear why it is proposed to clear the growth for a width of sixty feet & recover the moiety from

the bygone Govt.

Information is not readily available as to when the new boundary was last surveyed. The Board may be asked about this and on this point referred to at A' on p 5 ante.

A draft O.M. is submitted for approval.

7.11.38

[Issued as O.M. No. 1812 C 38-1 dated 8.11.38]

[From the Secy to the Govt of India No. F. 4787/38-3 dated 7.11.38]

H 13-14 c.f.

H 15-16 c.f.

(Submitted on 14th with my letter dated 11/11)

To MS

Please see Secy's query on p 3 ante. His ans to his Board at H 13-14 (9-20) c.f. and his Board's reply to it at H 15-16 (21-22) c.f.

With reference to para 1 of his memo at H 13-14 (9-20) c.f. his Board says that provision for clearance of the frontier boundary line to a width of 40 ft. in his estimate includes the width of 20 ft. to be

H 15 c.f.

cleared by the Mysore Durbar on their
side so that immediate Cairns
may be constructed in the middle
of the boundary line to facilitate
the identification of boundary marks
It will be seen from the note on
p 5 ante that the work relating
to the clearing of the Reserve line
of Attayyampally forest reserve
running between Mysore State
and British territory and that the
clearance work will be covered
by the agreement in Go no 1602 Rev
dy 7.8.1937. According to the
agreement, ~~the Govt to bear to be cleared~~
~~clearing of the separation line~~
~~in question is that the clearance work of the boundary~~
line, viz 20 ft on either side, has to
be attended to by the respective
Govts. According to the Board's proposal
the clearing work on both the sides
is to be done by this Govt and
the cost in respect of the portion
relating to the Mysore State has
to be recovered from that State.
The proposal is not therefore strictly
in accordance with the agreement.
The Board of Rev may be ~~asked~~ invited
attention of the
para 7 of O.M. No. 18126/38-17 dt 11-38 it may be noted
to report why ~~it has been proposed to~~
the agreement should not be followed in this case
~~made provision for clearance of~~
under which 20' on either side has to be cleared

W ~~wait~~ wait for.

H 13-14 cf.
~~H 15-20 cf~~

by the respective Govts and, if not, to state ~~the entire portion only 40 ft width~~, clearly the reasons for making a departure in this case.

~~and to submit revised estimate only in respect of the area relating to this Govt~~

2 As regards the new boundary line referred to in para 2 of the memo on ~~L 20~~ 14 cf, it is stated that it was settled in Govt no 993 Rev dy 5.5.921 after joint verification by the representatives of the Govt of Madras and Mysore and that no information is available about the clearance of the boundary line at the time of its survey in 923.

3. With regard to para 1 above a draft one to the Board of Rev is submd for approval

3.1.39

16.1.39 Para 1 above. The BS may be asked to state why the Mysore Govt should not be asked to observe the terms of the G.O. & clear the line. It seems desirable to find out also whether there are any Spl. reasons why we should clear the 40 ft & recover half the Cost from Mysore.

17/1

S.

p 17-18 cf

(Issued as Cir. No. 1812 C/38 dt 18.1.39.)

[Cir. 3064 C/39] From the Bd. of Rev. Mysore

No. F. 4787/38-7 dt 16.8.39.

p 19 cf.

To A.S.

Please see the note from p 1 above the O.M. to the Bd. of Rev. at H 17-18 cf. and the Bd's reply at p 19 cf.

p 19 cf. 2/. The Bd states that the procedure

H 43-44 (W) approved in Cir. No. 1602 Rev dt 7.8.37 regarding the clearance of 20 ft. of forest growth on either side by the respective Govts may be followed in respect of the frontier boundary line in question between the Mysore State and the British territory. The Bd has accordingly submitted for the approval of the Govt a revised estimate for Rs. 159 providing for jungle clearance only over width of 20 ft on the Bellary side. It is submitted that it seems unnecessary to address the Govt. of Mysore for clearing the boundary line on their side, as, however, they will carry out the same in accordance with the procedure

-44 of (W) approved in Cir. No. 1602 Rev dt 7.8.37.

~~With reference to para 6 of the note at H 2-3 ante, a draft letter to the Secy. to the Hon'ble the Resident in Mysore to~~

(P.T.O

~~Submitted for approval. Dev. may see.~~

Before sanctioning the revised estimate (J)
submitted by the Bd, the Secy. to the Hon'ble
the Resident in Mysore may be addressed
with reference to para 4 of the note at
Pr 2-3 ante. A draft letter is submd
for approval. Dev. may see.

Supt on CE London
Wt 31 8

7.8.39. The draft letter below as
regards the Sandur frontier may
be approved with the concurrence
of Dev.

2. As regards the Mysore
frontier, the estimate at flag (J)
provides for the demolition of old
ravines and the construction of new
ones and jungle clearance for a
width of 20 feet. The jungle clearance
is to be done entirely at the cost
of this Govt under the arrangement
approved in Govt. Ms no 1602 Rev. dt
7-8-1937. The Mysore Govt. have
to pay a moiety of only the cost of
demolition and construction of the
ravines. The Bd of Rev. may be
asked to send a revised estimate
consisting of this item only. A
draft Memo is accordingly submitted

for approval

3. The file may be sent to Secy. for acceptance after typing draft letter after issue of draft memo. below

27 8.39

P 25 ng [From the Bd's Secy Rly F. No. 4787/38-II dt 2.9.39]

To AS

This file relates to the clearance of the frontier boundary line (1) between the British territory and the Nepalese State, and (2) between the British territory and the Sikkim State.

See P 1 ante

2. As regards item (2) above an estimate dt. for Rs 45/- (which includes also the cost of Construction of Cairns on the boundary line) has been forwarded to the Secy to the Hon'ble

See Pp 21-22 ng.

the Resident in Mysore to obtain the acceptance of the Sandur Govt for the execution of the work and to ascertain whether it is willing to contribute half the cost of the estimate. The reply from the Resident has not yet been obtained.

3. As regards item (1) in para 1 above, reference is solicited to the memo to Board on p 23 cf. and the Board's reply to it at p 25 cf. Submitting a revised estimate for Rs 100/-. It has been considered that it is unnecessary to address the Govt of Mysore for clearing the boundary line on their side, as they will carry out the same in accordance with the procedure approved in G.O. No 1602 Rev dt 7-8-1937, and that the Mysore Govt have to pay a moiety of only the cost of demolition and construction of the canals. The Board of Rev has not sent a sketch of the boundary line showing the position of the canals to be demolished and of the new ones to be erected.

Before addressing the Mysore Govt

it seems necessary to ask the Board to submit a sketch so that it may be sent to the Resident.

If it is considered unnecessary to call for a sketch the Resident may be addressed in the matter.

Two alternative drafts are submitted

10/4/40 — Let us get the sketch first.
10/4/40 — Issue the Memo.

12/4/40

1 enc — [Issued as Memo no 1812 C/38-S dt 12-4-40]
